Integrated Life Support Services

10 YEARS OF THE CIS FOUNDATION

THIS THURSDAY MARCH 8, 2018, THE CIS FOUNDATION CELEBRATED ITS 10 YEARS!

Created in 2008, the CIS Foundation aims to support young people aged 18 to 25 in difficulty, from the Marseillaise region, until their professional flight.

The CIS is made up of 9 members, external and internal to CIS. The members meet once a month to receive the youth and their project.

On average, the CIS Foundation accompanies its fellows for a period of 4 years. Since 2008, a hundred people have followed the CIS Foundation. They now hold a wide variety of positions in the healthcare sector, in the banking sector, in consulting firms and in the video game industry.

Thank you to all the partners of this wonderful evening, at Château Borély as well as to the men and women on the ground who are on the rise, alongside the CIS Foundation, to give a second chance to those who need it. Many thanks also to CIS staff; nonprofit, the Foundation can not exist.
