PRESS RELEASE

Marseille, 27 May 2024 - 5.45pm

## CIS signs 2 offshore contracts in Ivory Coast

### CIS consolidates its presence in sub-Saharan Africa in the offshore energy sector

CIS announces the signing of two new offshore contracts in Ivory Coast for international energy clients.

CIS has been selected, following international consultation, to provide catering and hotel services and will mobilise around one hundred employees, 98% of whom are nationals, on board the platforms concerned.

These successes confirm and strengthen CIS' expertise in this high-potential offshore sector.

**Yannick Morillon, CEO of CIS comments:** « *These contracts demonstrate our ability to support the world's major energy players, wherever they operate in the world. Ivory Coast has solid economic assets and natural resources that offer a wealth of opportunities for the Group.* ».

#### À propos de CIS

For more than 30 years, CIS has been managing remote sites in the four corners of the globe, in the most isolated onshore and offshore environments. The Group supports major players in energy, mining, construction and peacekeeping forces through every step of their projects.

As a service integrator, CIS provides turnkey solutions to bring all of its residents well-being, comfort and a friendly atmosphere, so that its customers can focus on their core businesses.

The Group is committed to the sustainable development of the countries where it operates, by hiring, training its staff, forming partnerships with suppliers close to its sites, and engaging in local community initiatives.

CIS's approach is proactive, based on innovation and continuous improvement to reduce its impact on the environment. Every day, the Group works to improve its practices and guarantee its transparency.
