The Group reported revenue for the 2017 first half of €129.4 million, up 6.5% from last year's same period (+5.6 % at constant currencies).

This growth was largely driven by Mongolia, Saudi Arabia, Mauritania and Russia.

## Robust order intake in H1

The succession of contracts that have been announced since the beginning of the year highlight the commercial drive and quality of CIS' teams on a day-to-day basis.

In Brazil, CIS reaped the benefits of the turnaround executed in accordance with the ARISE 500 strategic plan and strengthened its positions by adding new contracts for amounts totalling US\$33 million.

In Africa, a major mining company renewed its confidence in CIS by extending its current contract to 31/12/2020, representing a total budget of US\$91 million.

In Russia, CIS signed a prestigious contract with a leading international oil and gas company for US\$4.5 million a year covering 19 sites in Western Siberia.

In Algeria, our subsidiary Cieptal was awarded a major contract for a new customer to provide catering, accommodations, maintenance, recreation and entertainment services for an amount totalling nearly US\$20 million over three years.

Finally, in Chad, ExxonMobil, the world's largest oil and gas company once again selected CIS to manage the accommodation services for the remote site of Komé, 600 km from Djamena in the south of the country, for five years.

## Outlook

Our confidence in the future has thus been strengthened by the commercial successes achieved thus far and the significant prospects for development in the short and medium-term.

## About CIS

*CIS is specialised in the management of remote sites in extreme environments, onshore and offshore. As a services integrator, the Group has developed a comprehensive service offering (catering and living accommodations, facilities management and support services) that allows it to provide customers with turnkey solutions.
