CIS Brazil: a Christmas of solidarity

CIS Brasil celebrated Christmas with 77 children from "Casa do Abraço", a Macaé NGO that aims to provide, through social, sporting, cultural and educational activities, the paths that lead children to dream of a future better.

The event took place at the Claudio Moacyr Stadium in Azevedo de Macaé, in partnership with the football club Serra Macaense, led by Rodrigo da Vinci, owner of the base occupied by CIS.

CIS's Santa gave the children various gifts offered by the employees of the company, who showed great solidarity and who immediately proposed to reproduce this operation "Christmas Solidarity" next year.
